

Five-year Indicative Investment Programme 2007/08 - 2011/12

This is the list of priorities that have been put forward for inclusion in the 2007/08-2011/12 Investment Programme. Your views are invited. As in previous years, the proposals are based on stock condition data, ongoing inspections and information received from technical and housing management staff. We want to ensure that we also take into account your comments and suggestions.

Any comments that you wish to make about the programme can be made directly to your Tenant Liaison Officer (contact details are set out on the back of this leaflet). Any comments that you do make will be taken into consideration when the final Investment Programme is put together for consideration by Hounslow Homes' Board in early 2007.

Please note that this is an indicative programme only at this stage and the final programme will be dependent on a variety of factors including the resources available to us, the results of detailed surveys and inspections, and the outcome of this consultation exercise.
